

What the Raven Brings (Ravenmaster Trilogy)

Anna Cooper, now 14, bluffs her way into the Air Force and becomes entangled in the glamorous and dangerous world of female war pilots. But the secret of her past threatens both her and her fellow airwomen. Fighting to earn her wings and prove herself, unsought help arrives from a dashing young pilot from Bomber Command. Timothy Squire takes charge of the Tower ravens, the heroes of the Blitz, displaying them to an adoring public, including Anna's great friend Flo, recently returned from evacuation. But Flo's interest is not with the ravens alone. Reeling from Anna's departure, Timothy Squire throws himself into work at the docks as a Royal Engineer. Promoted to bomb expert, he soon finds himself at the center of a powerful secret of his own: one that could win or lose Anna and the war itself.
