

## 83+ Weird, Amazing, & Just Plain Fun!: Swimmers & Flyers (83+ Fun Facts: Animals Book 1)

A mind-blowing, brain-building collection of facts about some incredible animals. From Amazon best-selling juvenile fiction author Mishael Austin Witty comes a nonfiction childrens book that kids of all ages will love! Kids (and adults) of all ages love animals, and why not? They are amazing creatures. This, the first in the 83+ Fun Facts: Animals book series features 14 animals that can swim and/or fly. This book is written for older elementary schoolchildren and preteens to enjoy on their own, but parents can read it to younger children to get in some quality family time. The full-page pictures will certainly catch their attention, and they'll learn lots of little-known facts about some very well-known animals. For instance, your child will learn: What seahorses can do that almost no other animal on the planet can. How they can make a shark do anything they want. Why you shouldn't go looking to an owl for wisdom. Why all turkeys don't gobble. ...And much more. Quit spending all that money on those expensive, mind-numbing games, and get something for your child's Kindle that he/she can have fun with AND learn from!
