

Leapfrogging Through Wetlands (Discovery Library)

In Leapfrogging Through Wetlands young readers (9-12) meet up with carnivorous plants in a northern peat bog, look for hidden animals in a cypress swamp, and visit the estuary cafeteria where the diners are also on the menu! They become wetland detectives, travel through a wetland maze, and migrate with waterfowl. A sheet of full-colored stickers encourages individual creativity. Winner of Three Awards: Parents Choice Parents Media Ben Franklin award winner in category of science/environment
