

GRAPPLING WITH THE GRUMBLIES

Childrens Nonfiction. Illustrated by Diane Jacobs. Everyone grapples with the grumbles from time to time, but this lovely (and funny!) book will help your child--and you--discover new ways of dealing with difficult feelings. I recommend it for anyone who has ever had a rough day and had trouble turning things around. In other words, its a great book for every family--Lawrence Cohen, PhD, psychologist and author of Playful Parenting.
