

# Hannahs Journal: The Story of an Immigrant Girl (Young American Voices)

Hannahs small European village buzzes with tales of life free from persecution in a place called America. Timid cousin Esther has passage for two aboard a ship bound for New York, and Hannah convinces Mama and Papashka to let her use the extra ticket. The voyage is long, but Hannah and Esther find a new friend in Samuel, a young orphan aboard the ship, and together they endure the stormy seas and cramped steerage quarters. Finally, the soaring Statue of Liberty greets them at Ellis Island, but will America really be everything theyve dreamed of?
