

## How Wiseli Was Provided For

Johanna Spyri's first book -- entitled *A Leaf on Vronys Grave* -- was published in 1871. A year later she published a great pile of tales for both adults and children, among them the tale of Heidi that became an instant and enduring success. Heidi, the story of an orphan girl who lives with her grandfather in the Alps, is not only famous for its vivid portrayal of the landscape but also for its understanding of how children see life and their feelings. This book, *How Wiseli Was Provided For*, is yet another in Spyri's library of tales. Like all others, its a story not to be missed.
