

Circle of Doom

A fantastically funny concoction One day, Lizzie Sharp decides to concoct a potion to cast a spell on her familys only neighbors, the unbearable, ancient Potwards. The very next day, Mrs. Potward breaks her hip and the couple disappear forever. It could be just a coincidence, but Lizzie is convinced of her own magical powers, and the temptation to involve both her younger brothers in her ambitious spellmaking plans is irresistible. As one potion leads to another, all three Sharp children become ridiculously entangled in a web of secrets, conspiracies, and misunderstandings. Readers will love being part of the hilarious magic at work in Tim Kennemores spellbinding new novel.
