

Facts About Lions For Kids Ages 6-8: Amazing Animal Facts With Large Size Pictures: Clouducated Blue Series Nonfiction For Kids

Meet The Big Cats! Facts About Lions For Kids is an engaging animal facts book for kids ages 6-8. Learn all there is to know about lions. Explore the fascinating world of these fierce animals! Children's book author and educator, Cindy Bowdoin, presents Facts About Lions For Kids. Discover the world of lions and see them up close with high quality pictures. In Facts About Lions For Kids you will learn about:

Where Lions Live What Male Lion Manes Are Like Why Some Lions Are White What Lion Prides Are How Lions Hunt What Lions Eat How Lions Eat How Lions Mark Their Territory How Lions Give Birth How Lions Care For Their Young And More

Optimized Images Facts About Lions For Kids brings large size pictures to life with a double tap of the image. If your device defaults to Two Column spread, you can change to full screen by double tapping the screen and tapping Aa view > More settings > two column: Off. This will give a larger canvas for the pictures. How Pictures Enhance Learning Children love pictures. Great visuals create an enhanced learning experience which fosters increased reading comprehension and retention. Facts About Lions For Kids is a book that has large, high quality pictures that anyone can enjoy. About The Red And Blue Series Red Series Nonfiction books for kids are for children ages 9-12. This series is full of detailed and interesting facts and pictures about animals that will help children to respect and appreciate the world around them. Blue Series Nonfiction books for kids are for children ages 6-8. This series has similar information as the red series, but with different pictures and less detailed, easier to read text to hold a young child's interest. A Note From The Author Nonfiction books help children learn by engaging their curiosity. Children are naturally curious about the world around them. Nonfiction books for kids motivate

young children to read by tapping into their natural interests. The new Common Core Standards in education, adopted by the majority of schools in the US, balances the reading of literature with the reading of informational text. Reading nonfiction books helps children develop background knowledge and vocabulary which will help them to become more proficient readers.

My nonfiction picture books about animals help children discover new facts and information about the world around them. Children will enjoy the fascinating pictures of animals in their natural habitats. The red series for kids ages 9-12 is full of pictures and engaging, detailed facts about animals that will help children to respect and appreciate the world they live in. The blue series for kids ages 6-8 has similar information as the red series but with different pictures and less detailed, easier to read text to hold a young child's interest.

I am a retired elementary school teacher with a BA in Natural Science from San Jose State University. I taught kindergarten through second grade for sixteen years in Rancho Cordova, CA. My love of children and nature has inspired me to write nonfiction books about animals for kids in order to awaken enthusiasm for nature and to promote literacy and lifelong learning. Brought to you by Clouducated Kids Clouducated Kids brings education to your child through the cloud. We help children discover new facts and information about the world around them.
