# ICNAAM 2010: International Conference of Numerical Analysis and Applied Mathematics 2010, Volume 3 (AIP Conference Proceedings / Mathematical and Statistical Physics)

The aim of the conference is to bring together leading scientists of the international Numerical and Applied Mathematics community and to attract original research papers of very high quality. The purpose of the Conference is to present the new insights in the research on Numerical, Industrial and Applied Mathematics. The audience of this Conference is: Mathematicians, Applied Mathematicians, Computer Scientists, Physicists, Chemists, Engineers. The importance for the reader is that with this book one can finds all the new developments in the research on Numerical, Industrial and Applied Mathematics.
