

# The World May Be Doomed?: Can You Help Save Mother Earth? Are You Prepared For A Disaster?

We live on a planet that has gave us life, and many generations before us, with everything that is needed to sustain life and its in our hopes that our childrens children will have the same opportunity to live out their lives just as we have. But times are changing and were in a dangerous world now with everything going on over seas, with threats from people that want to harm us. The world is also going through a change for the worse, with global warming starting to pour down on us with no mercy unless we all act now. Table Of Contents

We need to do what ever it takes to try and push back global warming with everything we got, to at least slow it down. Global warming is a very slow process that may not harm this generation, but the next generation may be in trouble. I have grand kids that I want to live full lives. Are you prepared for a disaster? Do you think you can survive a disaster? Something big is coming to America and I feel this with all my being. Im not trying to scare anyone, but to warn. I know Im not the only one that feels this way. Be Smart, Be Prepared, and Be Safe!
