

Barrons SAT Subject Test Biology E/M with CD-ROM (Barrons SAT Subject Test Biology E/M (W/CD))

This brand-new test preparation manual, published in February of this year, will become available with an optional accompanying CD-ROM in September. The CD-ROM that is enclosed with the manual presents two full-length Biology E/M subject tests in addition to the two tests offered in the manual. All tests come with questions answered and explained, and the CD-ROMs tests also feature automatic scoring. In addition to its pair of practice tests, the manual presents a short diagnostic test, an extensive subject review covering all test topics, and an overview of the SAT Biology E/M (Ecology and Molecular) test, which includes valuable test-taking advice.
