

Psicopatología (Spanish Edition)

Las personas tenemos problemas debido a la interacción de nuestras vulnerabilidades con nuestra capacidad para recuperarnos de los obstáculos. Sin embargo, el trabajo clínico implica el análisis de las interacciones más allá de las relaciones entre la persona y la situación. Esta edición incluye una gran cantidad de ejemplos, casos clínicos y referencias a la investigación de la conducta inadaptada, ya que las nuevas evidencias tienen gran influencia sobre la forma en que entendemos a las personas con problemas; cuenta también con una excelente estructura didáctica que conduce a una adecuada comprensión de los temas
