

Study and Master Life Sciences Grade 12 Teachers Guide (Study & Master)

Study & Master Life Sciences Grade 10 2nd Edition has been developed with the help of practising teachers and covers all the requirements of the National Curriculum Statement for Life Sciences. Special features of the Learners Book include: module openers, which clearly explain to the learner the outcomes for that module boxes listing key concepts which assist learners whose home language may not be English, to deal with new terms investigations in which learners solve problems, design solutions, set up tests and controls, and record their results assessment activities, ensuring continuous self, peer and group assessment case studies and projects, which deal with issues related to the real world and move learners beyond the confines of the classroom activities which are structured in a logical way, progressing to new and complex learning.
