

## The Cuban Missile Crisis (Graphic Modern History: Cold War Conflicts)

Separated by only about 100 miles (160 km) of water, the United States felt threatened by Soviet-backed Cuba in the 1960s. It was like having the Soviet Union in their back yard. This book describes events of the Cuban Revolution (1953-1959) and Cold War conflicts such as the infamous Bay of Pigs invasion and the nail-biting suspense of the Cuban missile crisis.
