

The Watchers

Life is beautiful, brave, tragic and triumphant. It is unfolding all around us. Two little rabbits watch what is happening in their world. What do they see -- frogs, fish and flying creatures, creeping and crawling, eight legs, four legs, two legs, hunters and hunted? Who else is watching, summer and winter, night or day, always there? A picture book for ages 4 to 7 years, the theme highlights the daily lives of creatures all around us and raises awareness of a God who cares for us.
