

This Little Light of Mine

Raffi's version of this traditional favorite song is perfectly paired with Stacey Schuett's adorable illustrations as a shy young star prepares to take center stage in a school play so she can let her own light shine. Now available in board book format, toddlers everywhere will love to read and sing along with one of their favorite songs as they turn the pages, and parents will appreciate the story's message that celebrates the importance of both individuality and community.
