

We Recycle (Science Readers)

Learn all about the importance of recycling in this informative science reader! People throw away a lot of trash, but it is important to recycle to make sure the earth stays clean and isn't covered in trash. Readers will learn how to reduce, reuse, and recycle to do their part in helping our planet! Vibrant images pair with easy-to-read text to keep students engaged from cover to cover. This reader also includes instructions for an engaging science activity where students will learn how they can reuse old containers and reduce waste. A helpful glossary and index are also included for additional support.
